Focusrite Wins Company of the Year Award at the AIM Awards 2021

Focusrite plc, announces that it has won the prestigious Company of the Year Award at the AIM Awards 2021, which was recently held on October 14th in Old Billingsgate, London in front of over 1,400 guests. Focusrite was also a shortlisted nominee for the Growth Business of the Year Award.

AIM is the London Stock Exchange's market for small and medium size growth companies and has developed into the world’s most successful and established market for dynamic high-growth companies supported by a remarkable community of companies, advisors, and investors.

Each year the AIM community gathers to celebrate outstanding achievement on AIM. Sponsored by BDO in association with the London Stock Exchange, the Awards identify the quoted companies and entrepreneurs who have harnessed AIM to help them fulfil their ambition and potential in the last twelve months.

Tim Carroll, Chief Executive commented:

“Winning the Company of the Year Award at this year’s AIM awards is a testament to all the hard work and dedication of our employees, senior leadership team, and Board of Directors.

“It is especially pleasing to receive this peer group recognition, given the challenges that we have all had to face over long periods during which much of the world was in some form of lockdown, and where we all had to adapt to new ways of living and working.
