

ISE Live & Online: Preview of Barcelona

There are lots of reasons to look forward with anticipation to ISE Live & Online which opens on 1-2 June. It will be the first physical ISE event since last February and it will be the first in-person event held this year at the Fira Barcelona, Gran Vía.

This special edition has been curated to help our industry look towards the future and get back to business following the pandemic. There are numerous opportunities to reconnect with the AV community. Attendees can visit exhibitor booths, experience live presentations from the Main Stage and enjoy networking and live music within a safe environment. Meet the AV Cluster and the Barcelona City Council, visit the Catalan Innovation Zone and connect with the industry in the AVIXA AV Experience Zone.

Mike Blackman, Managing Director of Integrated Systems Events, said: “We finally made it to Barcelona! ISE Live & Online will shine a spotlight on AV, showcasing the talent in our community and the innovations that will shape our lives. We are so excited to be able to enjoy an in-person event in Barcelona. It feels like we are getting back to business again.”

Explore the show floor with exhibiting brands, including Panasonic, Shure, Arthur Holm, Equipson, d&b audiotechnik and Waapiti. Visit here for the full Barcelona exhibitor list [here](#).

Here are some more not-to-be-missed highlights to look forward to...
