

Newfangled Audio Invigorate

Newfangled Audio, an Eventide Audio distributed brand, has released Invigorate, a bus compressor like no other. Invigorate can smoothly morph from compression through limiting to overdrive, making it fast and easy to mix in just the right amount of character and make mixes, busses, and tracks sound huge.

Newfangled Audio Brings New Life to Mixes with Invigorate Plug-in

Wednesday, 23 November 2022 09:00

The Invigorate user interface features a unique RADAR display and intelligent gain compensation engine that make it easy to hear and see exactly what the plug-in is doing. Three tone controls - Sensitivity, Input Exciter, and Output Tone - give unprecedented control over the tone of compressed signals. Invigorate also includes over 200 presets, including some developed by renowned artists, curated for a variety of audio sources, whole mixes, and mastering.

Invigorate is available from Eventide Audio with an introductory sale price of \$49 (\$99 MSRP) through January 2, 2023. Crossgrade discounts are available for owners of other Newfangled Audio products.
