

AES DE&I Committee Mentorship Fall Term for 2023

The Audio Engineering Society's (AES) Diversity, Equity, & Inclusion Committee has announced the opening of the enrollment period for the fall term of its AES 2023 Mentorship Program. The program runs October 9 - December 16 and is open to any AES member interested in being a mentor or mentee across any audio discipline. Participation as a mentor or mentee builds connections, expands professional networks, and helps shape the global future of AES.

Program details and participant guidelines are included on the applications for [mentors](#) and [mentees](#). After enrollment, participants will be notified of the details of the semester's kick-off Zoom event. Interested participants are encouraged to sign up before the kick-off to maximize the experience.
