

## ADAM Audio Listening Centres

ADAM Audio announces the relaunch of its Authorized Listening Center program. This revamp includes the addition of 120 new brick and mortar stores worldwide, providing customers with an unparalleled opportunity to experience and test a wide range of ADAM Audio studio monitors, including the new A Series. The listening centers showcase the latest advancements in the company's audio technology, allowing customers to explore the full potential of these remarkable monitors. Whether for professional studios, home setups, broadcast environments, fixed installations, 3D audio applications, or home audio enthusiasts, the ADAM Audio portfolio offers a versatile range of models to suit various needs.

"Our goal with the relaunch of the Authorized Listening Center program is to create dedicated spaces where customers can truly get a first-hand experience of the sound quality of ADAM Audio studio monitors," says Christian Hellinger, CEO of ADAM Audio. "These listening centers will serve as hubs of audio exploration, allowing customers to listen, test, and compare our monitors, in some cases from the T Series to the S Series. Through this program, we aim to provide an opportunity for our customers to make informed decisions as well as support our retail partners." Finding the nearest ADAM Audio Authorized Listening Center is now easier than ever. The company's website features a convenient "dealer finder" tool

## **ADAM Audio offers new Authorized Listening Centres**
