

Sound Particles presents "Immersive Music Solutions Showcase" in Berlin

The "Immersive Music Solutions Showcase" will comprise of five free 90-minute sessions on December 14th and 15th focused on solutions for immersive mixing and co-hosted by Sound Particles and Genelec. Each session will discuss how music mixers can access these spatial solutions and how the brands' products can help them mix content in spatial.

The sessions is aimed at music mixers, post-production creative professionals and anyone looking to get into spatial mixing and improve their audio production skills.

The following FREE sessions are available:

- Wednesday, December 14 - 11:00, 15:00, 18:00
- Thursday, December 15 - 10:30, 14:30

Each session will last approximately 1.5 hours. Please register [here](https://www.soundparticles.com) to get your free ticket (limited amount of seats).
